## Directors' report and statement of Directors' responsibilities

The Directors of Arqiva Broadcast Intermediate Limited, registered company number 08085710, ('the Company') submit the following annual report and financial statements ('the financial statements') in respect of the year ended 30 June 2020. The Company's registered office is Crawley Court, Winchester, Hampshire SO21 2QA.

The members have not required the Company to obtain an audit of its accounts for the period in question in accordance with section 476 of the Companies Act 2006.

### Business review and principal activities

The Company acts as an intermediate holding company within the Arqiva Group Limited ('AGL') group of companies ('the Group').

The Company's loss for the financial year is £5,000 (2020: £4,000). The Company has net assets of £3,493,239,000 (2020: £3,493,244,000).

### Future developments

It is the intention of the Company to continue to act as an intermediate holding company.

### Principal risks and uncertainties

Details of the principal risks and uncertainties are included in the Strategic report on page 1.

### Financial risk management

The Company's operations expose it to a variety of financial risks that include liquidity risk, credit risk and interest rate risk. The Group's overall risk management programme seeks to minimise potential adverse effects as noted below.

#### *Liquidity risk*

The Company actively maintains a mixture of long-term and short-term intercompany loans.

#### *Credit risk*

The Company is exposed to credit risk to the extent of intercompany balances within the Group. It does not have an external customer base. The interest-bearing intercompany debt is covered by an intercompany agreement. The intercompany receivable balance is with a fellow wholly owned subsidiary of the Group. The Directors have assessed that the credit risk is low. The Company's capital requirements are managed by the Group's treasury team. The maturity of the Company's borrowings is shown in Note 14.

#### *Interest rate risk*

The Company has a policy of maintaining any debt at fixed rates to ensure certainty of future interest cash flows.

### Dividends, transfers to reserves and results

The Company has not declared or paid any dividends for the year to 30 June 2021 (2020: £nil). The loss for the financial year of £5,000 (2020: £4,000) was transferred to reserves.

### Going concern

In determining the appropriate basis of preparation of the financial statements, the directors are required to consider whether the Company can continue in operational existence for the foreseeable future. As the principal activity of the Company is to conduct financing activities for the benefit of fellow group undertakings, its ability to continue as a going concern is dependent on the operational performance of the Group.

The Company adopts the going concern basis in preparing its financial statements, based on the support from its ultimate parent undertaking, the future cash flow forecasts of the Group and Company and available facilities, which lead the Directors of the Company to be confident that the Company will have adequate resources to continue in operational existence and continue to meet debt and interest payments as they fall due.

The Directors have also taken into account the potential implications of the current Covid-19 situation and have determined that given there will continue to be demand for services provided by the Group, the Group has a mixed customer base, and that the Group can therefore continue to support the Company as required such that the going concern basis remains appropriate. The Directors have continued to monitor the impact of Covid-19 up until the date of issuance of the financial statements.

### Events after the reporting date

There have been no events since the balance sheet date which would have a material impact on the Company and require disclosure within the financial statements.

#### Impact Assessment of new Standards

The Company has not adopted any new accounting standards in the year that are expected to materially impact the financial statements.

### 3 Principal accounting policies

The following accounting policies have been applied consistently in relation to the Company's financial statements:

#### (a) Exemption from consolidation

The Company is a wholly owned subsidiary of Arqiva Financing No 2 Limited ('AF2'), and its ultimate parent, AGL. It is included in the consolidated financial statements of AGL which are publicly available. Therefore, the Company is exempt by virtue of section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements.

These financial statements are separate individual company financial statements.

#### (b) Going concern

In determining the appropriate basis of preparation of the financial statements, the directors are required to consider whether the Company can continue in operational existence for the foreseeable future. As the principal activity of the Company is to conduct financing activities for the benefit of fellow group undertakings, its ability to continue as a going concern is dependent on the operational performance of the Group.

The Company adopts the going concern basis in preparing its financial statements, based on the support from its ultimate parent undertaking, the future cash flow forecasts of the Group and Company and available facilities, which lead the Directors of the Company to be confident that the Company will have adequate resources to continue in operational existence and continue to meet debt and interest payments as they fall due.

The Directors have also taken into account the potential implications of the current Covid-19 situation and have determined that given there will continue to be demand for services provided by the Group, the Group has a mixed customer base, and that the Group can therefore continue to support the Company as required such that the going concern basis remains appropriate. The Directors have continued to monitor the impact of Covid-19 up until the date of issuance of the financial statements.

#### (c) Taxation and deferred taxation

The charge for taxation is based on the result for the year and takes into account taxation deferred due to timing differences between the treatment of certain items for taxation and accounting purposes. Deferred taxation is provided fully in respect of all timing differences using the liability method for timing differences where there is an obligation to pay more tax, or a right to pay less tax, in the future. The provision is calculated using the rates expected to be applicable when the asset or liability crystallises, based on current tax rates and laws that have been enacted or substantively enacted at the balance sheet date.

A deferred tax asset is regarded as recoverable and therefore recognised only when it is more likely than not that there will be sufficient taxable profits against which to recover carried forward tax losses and from which the future reversal of timing differences can be deducted. Deferred tax is measured on an undiscounted basis.

#### (d) Financial instruments

Financial assets and financial liabilities are recognised in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss, presented as an 'other gain or loss'. Impairment of irrecoverable amounts is based on an expected credit loss model.

#### (e) Investments in subsidiaries

Investments in subsidiaries are shown at cost less provision for impairment.

#### (f) Interest

Finance income and costs are accounted for on an accruals basis and comprise amounts receivable and payable on intercompany balances respectively.

## 4 Critical accounting estimates and judgements

In the application of the Company's accounting policies, which are described in note 3, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

There are no significant judgments or critical accounting estimates impacting these financial statements.

## 5 Operating loss

The Company has received a management recharge of £5,000 (2020: £5,000) in respect of senior executive management costs within the Group, from a fellow Group company. The management recharge is included within operating expenses within the Income statement.

The Company's audit fee for the year was £nil (2020: £7,210). There were no non-audit fees in the year.

## 6 Employees and Directors

### Employees

The Company had no employees during the year (2020: none).

### Directors

There are no recharges (2020: £nil) made to the Company in respect of any remuneration for any Directors, as their duties in respect of the Company are incidental to their normal duties on behalf of their employer companies.

The Directors are either representatives of the ultimate UK parent undertaking's shareholders or other Group companies and their individual remuneration reflects the services they provide to the Company and other Group companies. It is not possible to make an accurate apportionment of each Director's emoluments in respect of their services to the Company. Accordingly, no emoluments in respect of these Directors services have been disclosed.

## 7 Finance income

<b>Total finance costs</b>	<b>180,172</b>	<b>168,312</b>

## 9 Tax

	Year ended 30 June 2021	Year ended 30 June 2020

UK Corporation Tax:		
- Current year	(1)	(1)
Total current tax	(1)	(1)
<b>Total tax credit for the year</b>	<b>(1)</b>	<b>(1)</b>

UK Corporation tax is calculated at a rate of 19.0% (2020: 19.0%) of the taxable loss for the year.

The credit for the year can be reconciled to the loss in the income statement as follows:

	Year ended 30 June 2021	Year ended 30 June 2020
	£'000	£'000
Loss before tax	(5)	(5)
Tax at the UK Corporation tax rate of 19.0% (2019: 19.0%)	(1)	(1)
<b>Total tax credit for the year</b>	<b>(1)</b>	<b>(1)</b>

The current year UK corporation tax credit represents the payment made by other Group companies for the provision of tax losses by way of Group relief.

The main rate of UK corporation tax remained at 19.0% throughout the period and therefore a 19.0% tax rate (2019: 19.0%) has been used for the reconciliation of total tax. In the Finance Act 2016 it was enacted that the main rate of UK corporation tax would be further reduced to 17.0% from 1 April 2020, however this reduction was cancelled in Finance Act 2020.

There are no recognised or unrecognised deferred tax balances (2019: none).

	<b>Investments in subsidiaries £'000</b>
<b>At 30 June 2020 and 30 June 2021</b>	<b>3,493,261</b>

The Company's investments are valued using the cost method and the Directors consider the carrying value of the Company's investments in its subsidiaries on an annual basis, or more frequently should indicators arise, and believe that the carrying values of the investments are supported by the underlying trade and net assets.

The Company's investments (held indirectly unless stated) are shown below:
